

Soul Dynamic Song List

Below is the Soul Dynamic Song List. This list contains heavy rotation songs performed by the singers fairly regularly. However, we can perform songs not provided on this list as well. Our starting package gives clients the ability to ask for an additional 5 songs not provided on this list. For events requiring special dances, or songs, clients choose songs outside of this list that are special to them. Please provide FOUR weeks' notice of any additional music you'd like performed at your event so band members have time to learn the song. In the rare case where you have a specific music arrangement for the event, this will also give us time to prepare the music.

Our team comprises the best in show business and are experts in reacting to the crowd on the dance floor. However, if there are certain genres or songs you don't want played, please provide a list of songs you'd like to avoid. If you need the music to follow a strict list, allowing the band to only play within the margin of songs requested, we ask that the list be smaller than 20 additional songs.
